

SAVING
TARBOO
CREEK

One Family's Quest
to Heal the Land

SCOTT FREEMAN

with Illustrations by SUSAN LEOPOLD FREEMAN

In restoration is the preservation of the world.

... we work to save [wildlife and natural areas] for the same reason we work to help our communities, friends, spouses, and children: because we love them.

A photograph of two people in a field of tall, dry grass. One person is wearing a blue jacket and light-colored pants, and the other is wearing a dark jacket and dark pants. They appear to be working together, possibly planting or tending to the grass. The background shows a line of trees and a clear sky. The text is overlaid on the right side of the image.

*There are two things that interest me:
the relation of people to each other,
and the relation of people to the land.*
